

WIRELESS TV STEREO HEADPHONES with digital optical input.

HP600 PRO is the brand new universal headset by Meliconi, with 863 MHz RF technology ready for the latest generation of televisions!

There are 3 possible connection modes, thanks to the inputs located on the back of the charging base:

1. analogue input,
2. coaxial digital input
3. digital optical input (Toslink cable included in the package).

The headphones guarantee an uninterrupted signal at a distance of up to 100 m, that can cross walls and ceilings, thereby allowing maximum freedom of movement.

The audio playback is very high fidelity, and comfort is guaranteed too, thanks to the soft cushions on the ear pads and the adjustable arch at the top.

In short, with HP 600 PRO headphones, you can enjoy the best entertainment shows with optimal sound quality and comfort!

Meliconi HP600 PRO

- Radio frequency TV headset with charging base and optical digital input
- Universal for all TVs with optical digital input (ideal for newer TVs) + digital coaxial (RCA) + analog (mini jack 3.5mm)
- Wide range: maximum 100 meters in open field. The signal at 863 MHz is very stable and goes through walls and ceilings.
- 863 MHz transmission band not very "crowded" compared to others, so the risk of interference is minimized.
- About 8 hours of continuous use at medium volume with a lithium polymer battery. (longer lasting and more efficient than normal batteries)
- Small and convenient charging base, ideal for placing the headset after use.
- Multi-headset connection to a single transmitter base.
- Lightweight (only 200gr, battery included), ergonomic and comfortable, with oval shaped pads that perfectly adapt to the shape of the ear.
- Optical audio cable (TOSLINK), analog audio cable and power supply included in the package.

Price: 99,99 EURO (UVP, inkl. MwSt.)
