

## Fresh Fruit and Vegetables Always in Your Kitchen

You don't need to have your own garden to enjoy vegetables and fruits.  
What's more - now you can create garden in your own kitchen!

### After transplantation

Make sure roots are in contact with the water.

### After 7 days

As the plants grow make sure the proper amount of nutrient water remains in the box.

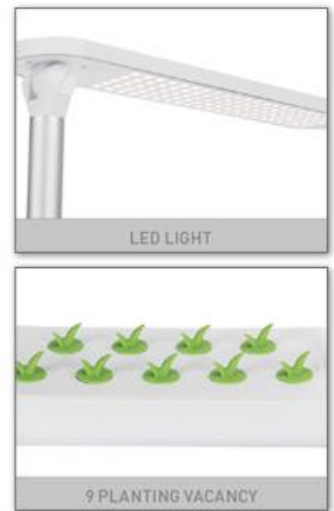

### After 14 days

You'll have fully matured fruits and vegetables!  
Harvest and enjoy!

Mögen Sie frisches Gemüse? Dann bauen Sie es doch selbst an. - Platinet Smart Garden

Dill  
Basil  
Chives  
Parsley  
Lettuce  
Arugula  
Oregano  
Chili Pepper  
Pepper Mint  
Wild Strawberry

### SAVE YOUR TIME

Prepare the seeds, place them in a special box with a sponge until germination. Later, they should be replanted to the Smart Garden and filled in with the nutrients in the container. After 14 days, the planted fruits or vegetables are fully ripe.
