

Perun is a multi-functional illumination tool powered by a 3500mAh 18650 battery with a maximum output of 2,000 lumens.

This compact, hands-free right-angle light boasts the third generation MCC which holds 1.5A current. When the built-in infrared distance sensor detects an obstruction nearby, the brightness will automatically be reduced to the lowest level for protection.

Perun can be used as a handheld light with the provided pocket clip for a variety of attachment methods as well as a headlamp with the optional magnetic head strap, making it a powerful, reliable and vital tool for multiple activities in the dark.

DESIGNED FOR HANDS-FREE USE

♣ Carry it
