

Tablets kommen immer mehr zum Einsatz: zur Demo, als Info-Medium, in der Dienstleistung, beim Verkauf,

CTA Digital aus den USA (www.ctadigital.com) hat hierzu Befestigungs-Lösungen für nahezu jedes Anwendungs-Szenario entwickelt. Hier drei der neuesten Modelle - alle aus Stahl, abschliessbar und diebstahl-sicher - gute [Erklär-Videos](#) jeweils unterhalb des Modells! www.new-tech-products.com/support/CTA-Digital_Winter_2019_Wall_Desk_Mounts.pdf

Und hier das Gesamt-Programm: www.new-tech-products.com/support/CTA_Digital_Catalog_-_Full_small.pdf

The newest wall mounts from CTA Digital bring unparalleled flexibility to your tablet, giving you the tools to construct fast, reliable digital workstations wherever you are.

[CTA's Kickstand Handgrip Case with Security Enclosure Jacket](#) is the ideal solution for the user who constantly requires the accessibility of their tablet but cannot afford to compromise on device protection. The security wall fixture provides a permanent mounting solution while the included protective case makes removing the device a safe and hassle-free process.

PAD-SKMSB
2-in-1 Security Multi-Flex
Tablet Stand and Wall Mount

- K-slot security headpiece lock and slot on stand legs
- Flexible hinges enable angle adjustment in any mount mode
- Locking anti-theft tablet holder Compatible with 7-14" tablets

PAD-SKMSB Video

[CTA's 2-in-1 Security Multi-Flex Tablet Stand and Wall Mount for 7-14 Inch Tablets, including iPad 10.2-inch \(7th Gen.\)](#) This brilliant 2-in-1 wall mount and tablet stand allows for easy tabletop display and comes bundled with two wall mount bases which allows for wall mounting practically anywhere! Both modes will keep your device secure with the clever push-button lock and cable system.

PAD-KHC9
Kickstand Handgrip Case
with Security Enclosure Jacket

- Ultra durable metal case for protection
- 360-degree rotating comfort handgrip with built in kickstand provide quick ease of switching between any mount mode
- Sturdy key lock for tablet security
- Compatible with iPad Pro 9.7"

The image shows the PAD-KHC9 case from two perspectives. On the left, the case is shown with an iPad Pro 9.7" inside, displaying the home screen. A key is inserted into a lock on the right side of the case. On the right, the case is shown without the iPad, highlighting the kickstand and handgrip mechanism. A padlock icon is positioned below the iPad image.

PAD-KHC9 Video

The image features a video player interface. On the left, a woman in a white lab coat is showing a tablet to a child. A large white play button is overlaid on the video. On the right, the text 'PAD-KHC9 Video' is displayed in blue.

Last but not least [CTA's Tri-Grip Tablet Security Clasp with Quick-Connect Base and VESA Mount for 7-13 inch tablets, including the iPad 10.2-inch \(7th Gen\)](#) This innovative set equipped with a quick-connect slide piece allows for quick switches between tabletop, wall-mounted and handheld setups. The tri-grip corners securely clasp your device with or without a protective case on. The included cable keeps the device locked in any of the aforementioned modes. To top that all off the wall mount plate is already VESA compatible!

PAD-TGSK
Tri-Grip Tablet Security Clasp with
Quick-Connect Base and VESA Mount

- Resizeable tri-grip security clasp for sturdy hold and protection from theft
- Quick-connect mechanism for fast switching from any mount types
- 360-degree rotation angle adjustment
- Compatible with 7-13" tablets

The image shows the PAD-TGSK security clasp from two perspectives. On the left, the clasp is shown attached to an iPad, which is mounted on a VESA plate. On the right, the clasp is shown without the iPad, highlighting its adjustable tri-grip mechanism and the quick-connect base. A padlock icon is positioned below the iPad image.
