

Bei Singapore Airlines  schon im Programm ([im SIA Kris-Shop](#)), dem Flagship-Store ... jetzt auch bei uns !

Nicht im Bundle, sondern einzeln je Ländergruppe (EU / UK / US).

Eine der grössten Unannehmlichkeiten auf Reisen, sind die Steckdosen im Hotelzimmer. Immer zu wenig. Und meistens unterhalb vom Schreibtisch / Nachtkästchen. Wenn man seine Geräte laden möchte, wirds unpraktisch.

Der Tredan USB-Traveller-Plug ist genau das, was Sie unterwegs und im Hotelzimmer brauchen: 2 x USB-Anschluß, 2 x 110-240V Buchse + 80 cm Kabel.

So passt alles auf den Tisch.
Alle Geräte sind bequem zu erreichen und zu bedienen.

2 x USB 5V/2,1A
2 x 100V-240V
80 cm Stromkabel

Amazon UK review ★★★★★

This is one of the most useful items I've ever bought. Exactly as described, with a 80cm cord that wraps around (I challenge you to claim it's insufficiently long for it's explicitly intended purpose as I've yet to encounter a hotel room plug that has been problematic for this extension's length) it's an extremely useful device and I plan on buying another (EU version) in the future. It's very well made and resistant, light and compact enough and yet serves its purpose brilliantly. Being a very well designed device I can't imagine anybody who travels frequently could give it any less than 5 stars (and this is the absolute first time I write something like that). It charges iPhone Just fine and as quickly as a Standard charger so I'm a bit puzzled by another reviewer's 'trickle feed' comments. I wouldn't do so lightly, but I can't recommend this traveller plug enough. Tredan is now definitely on my watch list.
