Enjoy Colors. However you want. Whenever you want.

mySight™ 2K (2048x1080) Standard 1080p

2K Full HD

SmartShaker™ 2 SmartShaker™

Bluetooth speaker SmartShaker Rainbow 8

mySight™ 2K is the first IP camera with the newest Ambarella chipset for higher image quality than most other HD 1080p IP cameras on the market.

Motion & Sound detection

You can't always keep an eye on your live video feed. mySight™ 2K looks for motion and listens for sounds. Get alerts when something happens in your preset detection areas. mySight™ 2K helps you keep an eye on your home and family.

mySight™ 2K (2048x1080) Standard 1080p

Night Vision

Smart Night Vision with LED Sensors from mySight™ 2K will let you see clearly in the dark and provides brighter night vision than competitors.
